TRAVEL TIP

Charter floatplanes depart from the South River Terminal of YVR at 3:30pm - 3:45pm on Thursdays and Sundays, arriving to the resort generally between 4:15pm - 4:30pm. Floatplanes begin returning resort guests to Vancouver as soon as possible, following the unloading of arriving guests, generally between 4:30pm and 5:00pm, arriving YVR South River Terminal 45 to 60 minutes after departure. ***It is impossible to predict weather and flight conditions, so it is highly recommended that guests avoid booking connecting flights on the evening of their departure from the resort.

WILDERNESS FACTOR

Sometimes, due to weather, floatplane schedules are changed or amended by the operator to suit inclement weather, or include a ground transfer component. Such changes and delays are beyond our control and while we and our floatplane partners do our best to adhere to plans, sometimes for the safety of passengers, scheduled flights are cancelled or delayed, until pilots receive the all-clear to take off from YVR South River Terminal. In the case that the floatplane must land at another destination on Vancouver Island, supplemental ground and/or boat transfer will be provided. Please inquire directly with the resort regarding policies.

We strongly recommend that all guests purchase travel insurance. Should you require referral, we are happy to recommend the following underwriters:
